

A close-up photograph of a young woman with blonde hair and dark sunglasses, looking directly at the camera. She is holding a black, pen-shaped electronic cigarette (vape) in her right hand. A small amount of white vapor is visible coming from the mouthpiece of the device. The device has a white 'G' logo and a small digital display showing '420°F'. The background is a blurred outdoor setting, possibly a boardwalk or beach, with wooden railings and a blue sky. The lighting is warm, suggesting late afternoon or early morning.
